SAMEDI

Handwriting practice row 1: A vertical strip on the left shows a landscape with grass and a tree. The row contains a blue top line, a green middle line, a brown baseline, and a red bottom line. A cursive letter 'd' is written on the left, with a red dot at the start and a green dot at the top. Four green dots are spaced along the brown baseline for starting points.

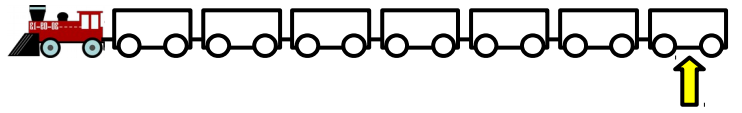

Handwriting practice row 2: A vertical strip on the left shows a landscape with grass and a tree. The row contains a blue top line, a green middle line, a brown baseline, and a red bottom line. The cursive word 'ame' is written on the left, with a red dot at the end and green dots at the top of each letter. Three green dots are spaced along the green middle line for starting points, each with a grey arrow pointing left.

Handwriting practice row 3: A vertical strip on the left shows a landscape with grass and a tree. The row contains a blue top line, a green middle line, a brown baseline, and a red bottom line. The cursive word 'di' is written on the left, with a red dot at the end and green dots at the top of each letter. Four green dots are spaced along the green middle line for starting points, each with a grey arrow pointing left.

Handwriting practice row 4: A vertical strip on the left shows a landscape with grass and a tree. The row contains a blue top line, a green middle line, a brown baseline, and a red bottom line. The cursive word 'samedi' is written on the left, with red dots at the end of each letter and green dots at the top of each letter. A green dot is placed on the brown baseline to the right of the word.

Handwriting practice row 5: A vertical strip on the left shows a landscape with grass and a tree. The row contains a blue top line, a green middle line, a brown baseline, and a red bottom line. Two green dots are placed on the brown baseline for starting points.
