But du jeu : Reconstituer les mots en retrouvant la dernière syllabe, utilisation individuelle ou collective avec la règle du jeu.

Pour une utilisation individuelle avec auto-correction, on peut utiliser l'idée que l'on trouve chez [Crevette](#) ou placer la grille correction au dos de chaque planche.

Objectifs : Renforcer la lecture, faire des hypothèses.

Matériel :

6 planches avec pour chacune 10 mots à compléter.

Les étiquettes syllabes – la correction

Règle du jeu 1 :

2 à 6 joueurs, chacun prend une planche. Les étiquettes syllabes sont placées à l'envers en tas sur la table. Chaque joueur tire à son tour une étiquette, la pose sur une case si elle convient ou la remet au centre sous le tas. Chaque mot reconstitué donne 1 point.

L'étiquette « joker » remplace n'importe quelle syllabe.

Celui qui a complété un maximum de mots a gagné.

Règle du jeu 2 : (enlever les jokers)

Règle du loto : les étiquettes sont dans une boîte, le meneur de jeu tire et lis les syllabes. Le joueur qui pense avoir besoin de la syllabe lève la main. Pour les syllabes communes à plusieurs mots, c'est celui qui réagit le premier qui obtient la syllabe.
