Je retiens les conjonctions de coordination

Pour relier différentes parties d'une phrase, on utilise des mots de liaison (mais, ou, et, donc, or, ni, car).

En anglais aussi ! Dans les dialogues que tu as entendus, on a utilisé le mot « ET » pour énumérer plusieurs membres d'une famille. En anglais, on dit « AND ».

I've got a sister and a brother.

I've got two grandmothers and two grandfathers.
