

DÉFI LETTRES

Objectifs :

1. Lire un tableau à double entrée
2. Reconnaître et nommer des lettres en majuscule , en scripte ou en cursive

Avant de commencer :

- Comment s'appelle ce que tu vois ? un tableau
- Que vois tu dans les cases du tableau ? des couleurs , des dessins et des lettres
- Les lettres sont de quelle écriture ? majuscule, scripte ou cursive ?
- Lisons les lettres dans chaque case

Commençons :

Pour chaque consigne , montrer un exemple.

- **Consigne 1 : dans quelle case se trouve la lettre ?**

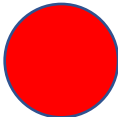

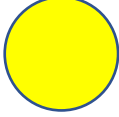

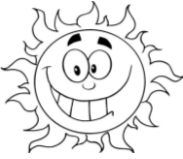

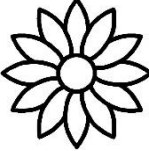

D'abord , l'enfant montre la lettre (si il ne sait pas encore la lettre , montrez-lui) , puis suit la ligne et remonte la colonne pour dire « la lettre est dans la case (ligne dessin ; colonne couleur).

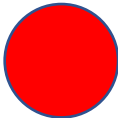

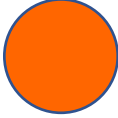

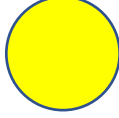

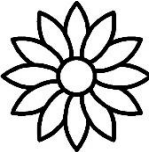

Exemple : la lettre « i » est dans la case (soleil ; jaune)

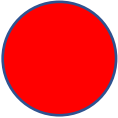

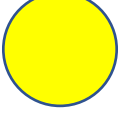

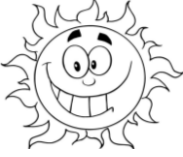

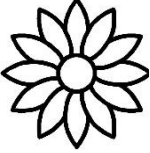

- **Consigne 2 : quelle lettre est dans la case (ligne dessin ; colonne couleur) ?**

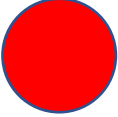

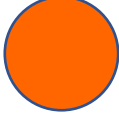

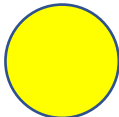

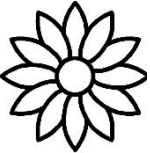

Il faut partir de la ligne citée et aller jusqu'à la colonne citée pour repérer la lettre et dire la lettre.

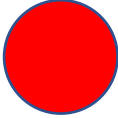

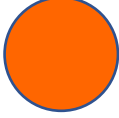

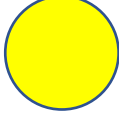

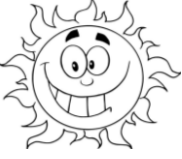

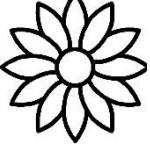

Exemple : case (soleil ; jaune) : on part du soleil , on glisse le doigt jusqu'à la colonne jaune et on dit « c'est la lettre i »
