

# Bataille de billes

Imprimer et plastifier les cartes, pour les différencier d'autres jeux, il est possible d'imprimer au dos, la trame qui se trouve à la fin du fichier.

Les cartes peuvent aussi servir pour des exercices de numération.

On peut limiter le nombre de cartes aux nombres que l'on souhaite travailler (le jeu complet va jusqu'à 9).

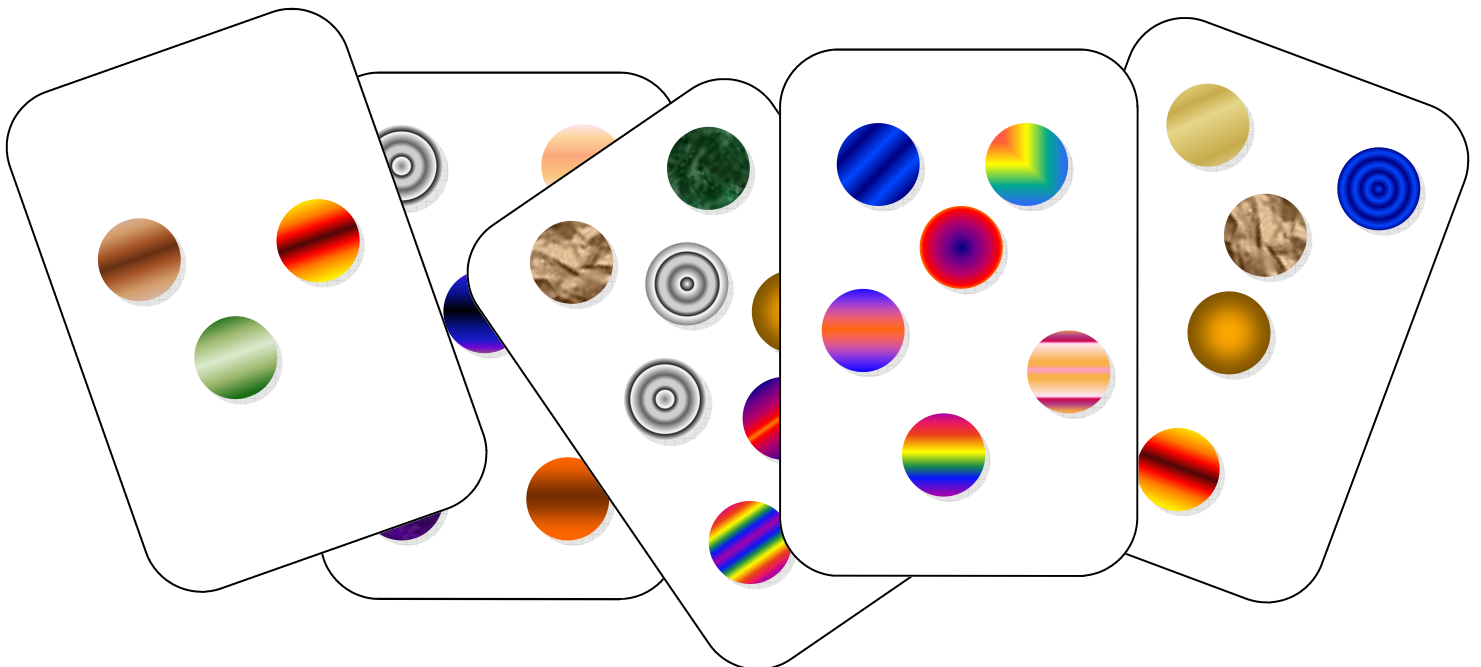

Les cartes sont distribuées aux joueurs, faces cachées.

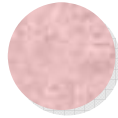

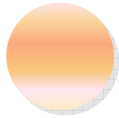

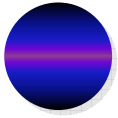

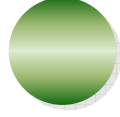

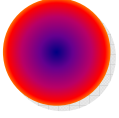

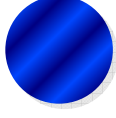

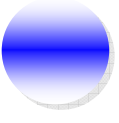

Les joueurs retournent en même temps la première carte de leur paquet.

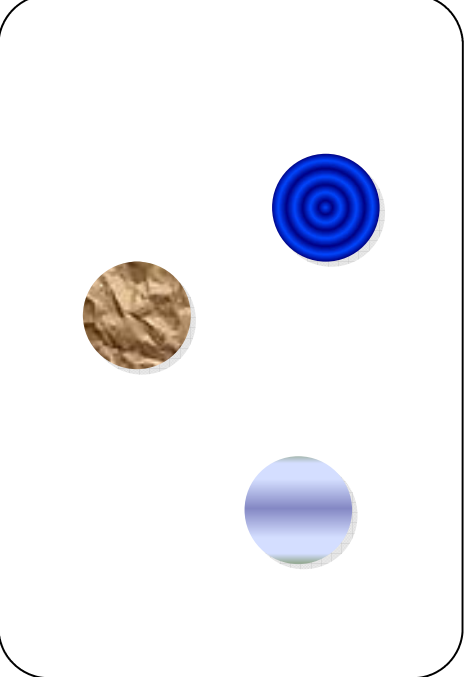

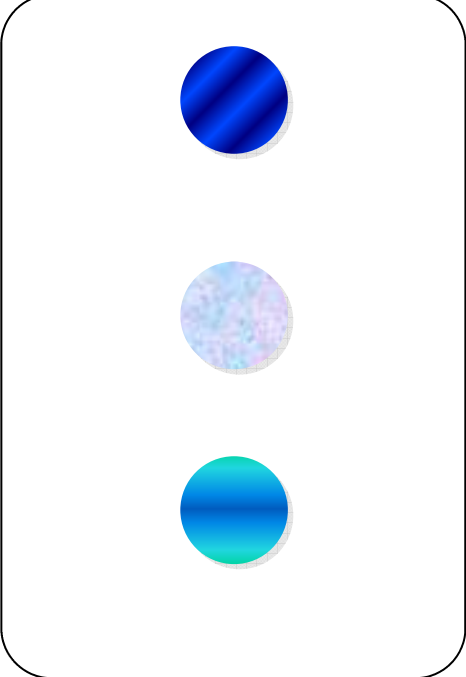

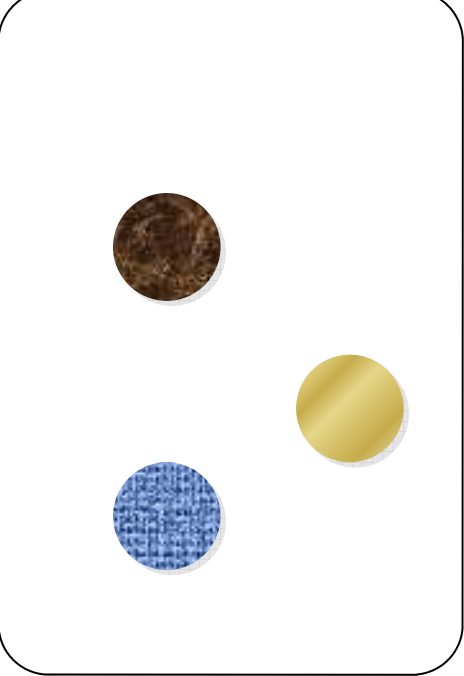

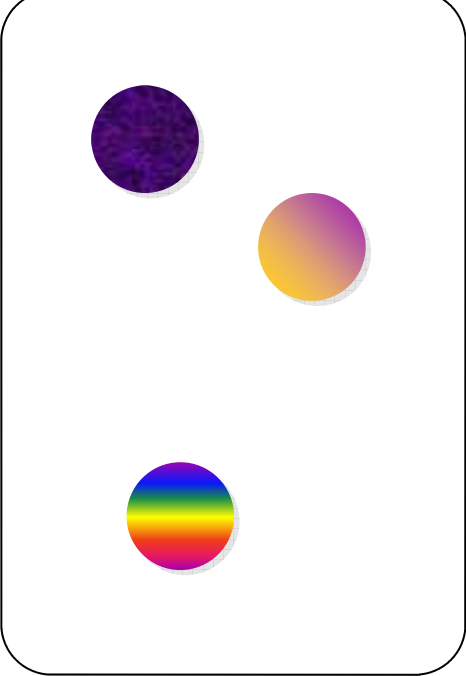

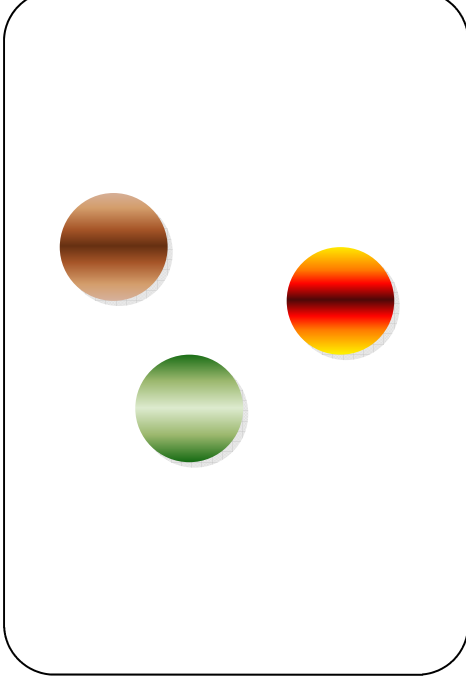

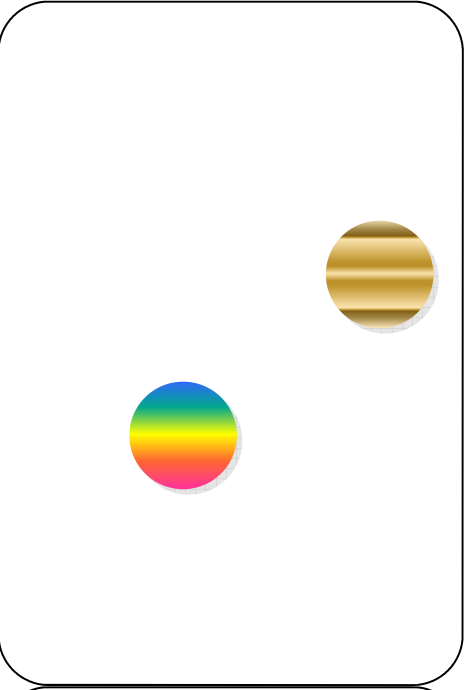

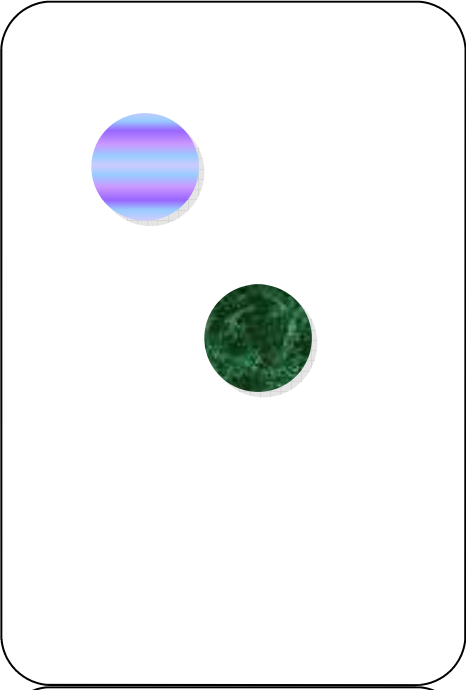

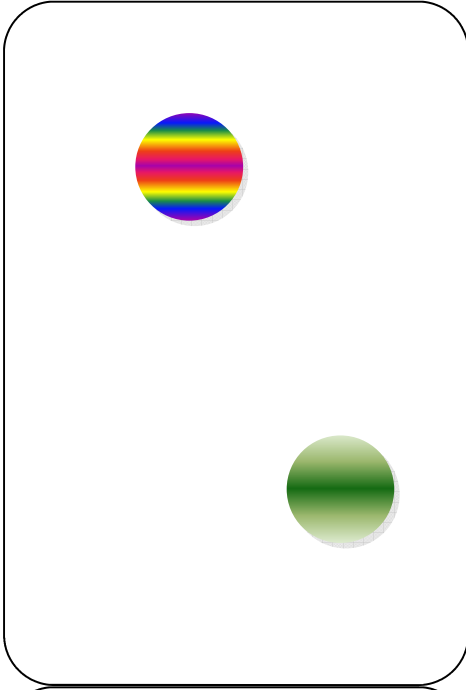

Celui qui a le plus grand nombre de billes sur sa carte, remporte les cartes retournées !

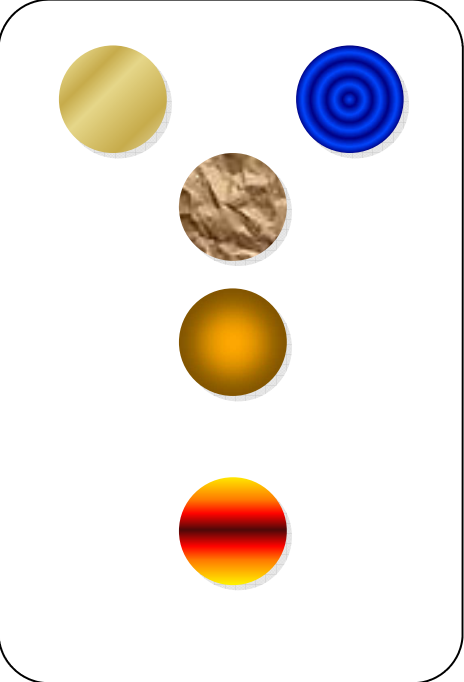

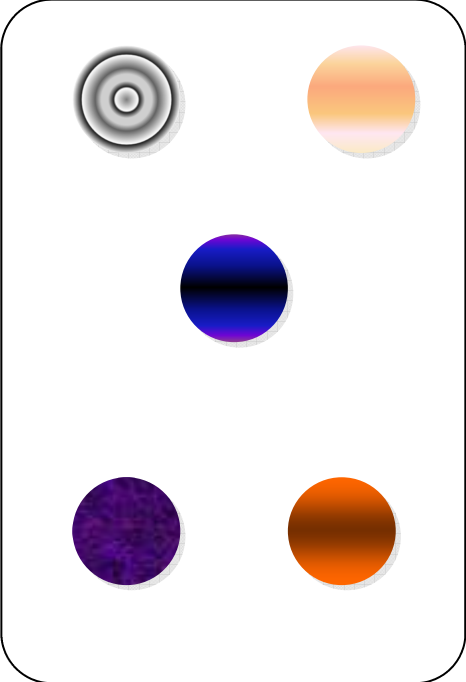

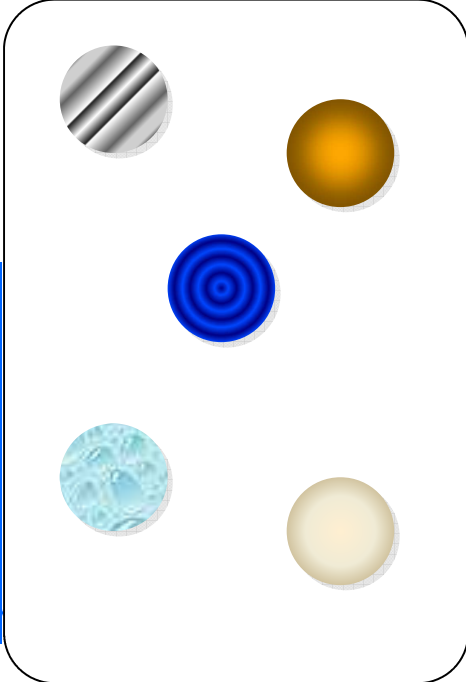

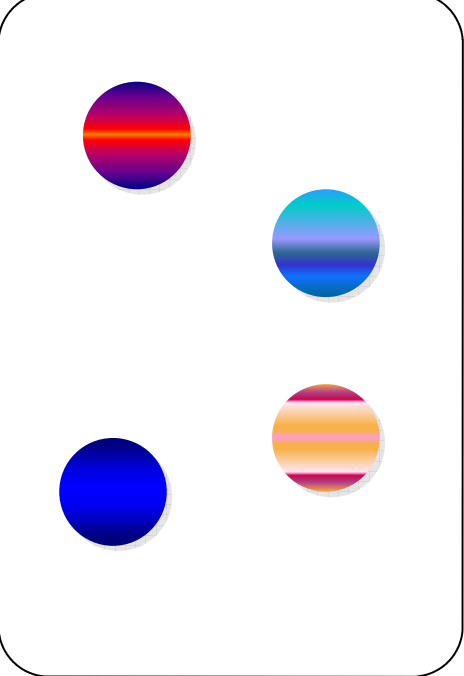

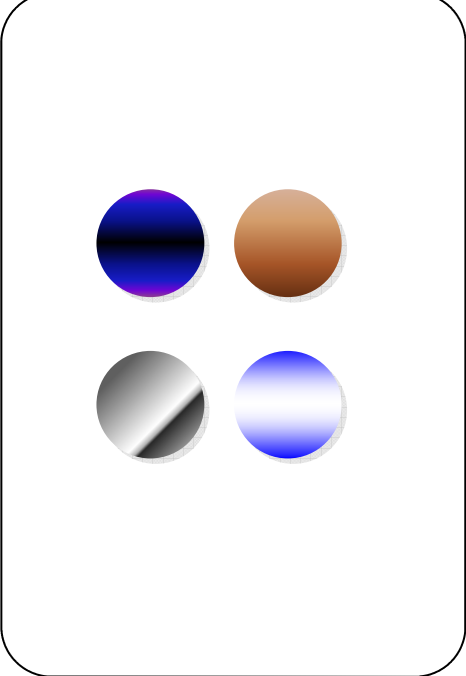

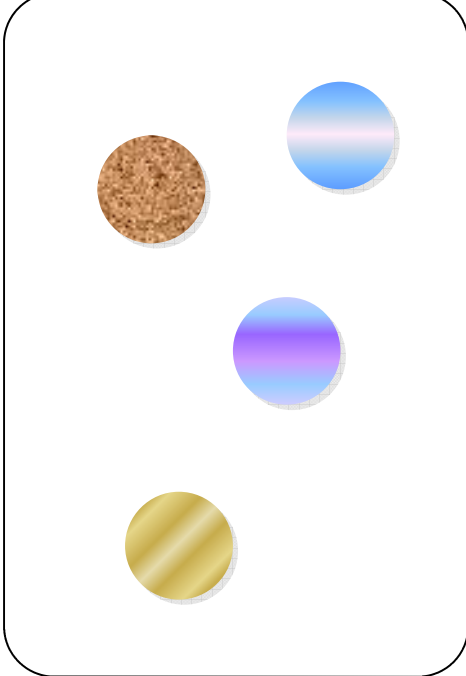

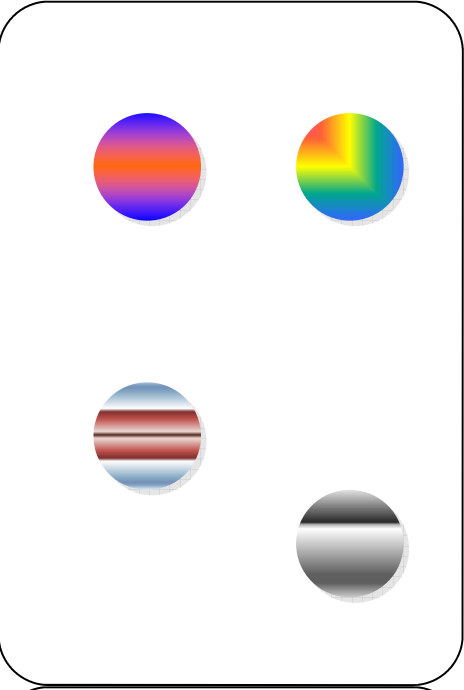

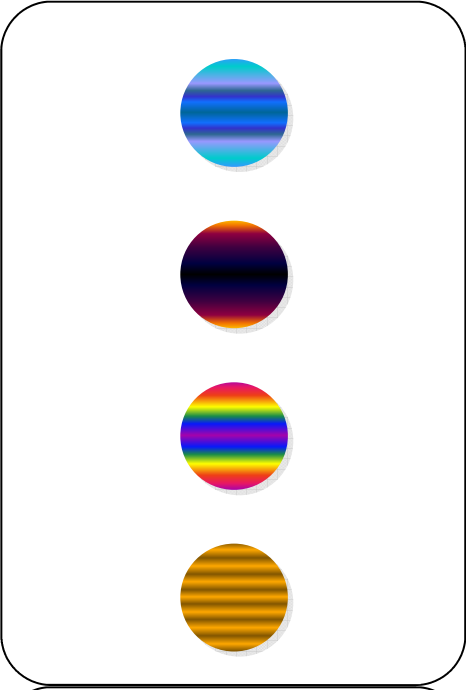

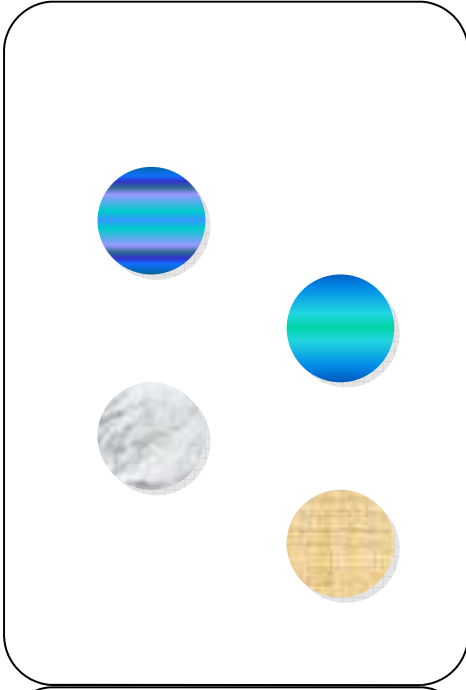

Si deux cartes ont le même nombre de billes, il y a « **bataille** », les joueurs retournent alors une deuxième, voire une troisième carte...
