

DEFI DECOUPAGE / COLLAGE

bandes

1. Découper les bandes sur les traits ou les pointillés : insister qu'il faut prendre son temps , qu'on observe bien si on est toujours sur le trait et que c'est la feuille qu'on peut tourner mais pas le poignet/le bras
2. Décorer les bandes avec du graphisme (voir dico des graphismes)
3. Coller sur une feuille : peu importe comment l'enfant colle sur la feuille mais la colle doit être mis aux 2 bouts de la bande. On fait attention à ce que ne soit pas trop sur le bord et surtout attention à la quantité de telle sorte que ça ne déborde pas de la bande quand on pose.
